ACTIVITY REPORT - JUNE/2024

Stat us.

The Home, has 48 children as of close of June 45 boys and 22 girls though some have been sick and we had several admissions at Maranatha and Buhinga despite the challenges, the operation is going on well. The staff member fine and doing a great job.

Activities

Baptism: 10 children were baptized into the catholic church it took place at babies home.

New Admissions.

This month of June we admitted two children at Toro babies Home, one girl Alisemera Joy who lost her mother when she was just one week old from Bundibugyo District, the relatives are unable to take care of her that is why she was referred to Toro Babie Home by the probation officer for care and protection. she was admitted at maranatha and later referred to Buhinga Hospital, she had difficulties in Breathing due to cough and flue. She is now improving.

Two, Baguma Ezekiel who was abandoned in a banana firm by un known

person, He was later rescued by the firm manager who had the baby crying who reported the case to the police and probation officer who referred the baby to Toro Babies Home for care and protection. The baby is in a good healthy condition

physiotherapy sessions: We have had several sessions at Toro babies' home both with the kyaninga staff and the care takers. This session has helped these children so much Maria Masiika can walk up and down without any ones support she is now used to the surrounding and very strong.

Gift Ninsiima is very strong and does the exercise with ease, she can feed herself every food and drinks, she has also improved on her communication.

School:

We have 13 children who go to early bird nursery school and two who go to canon Apollo primary school, these two reported back to school though they reported a bit late, they are all in good health condition one Mbabazi Dorothy did not report back to school because of her poor healthy she is still under monitoring and medication we hope she will improve with time.

Our other classes for the young babies are on going at Home with Teacher Irine and the volunteers these classes are very important they keep the babies busy and prepare them for nursery school next year.

CELEBRATIONS,

VOLUNTEERS

The Germans, Spanish and the local volunteers are also doing a great job in helping us with Housework and others. We are so grateful for their support and time towards these children and the home at large. We appreciate the volunteers for sponsoring the children school requirements.

DONATIONS.

This month we received a number of Donations from friends of TBH and volunteers like food, clothes and others. We plan to continue with call for fundraising through radio programs and others.

FARM ACTIVITIES.

KAGOTE, we are harvesting greens, bananas, Yams and pumpkin. Currently we are weeding green vegetables, yams and banana. We appreciate the gardeners for the good work they are doing. There is a problem of people around who steal banana.

KASISI. We are harvesting bananas, pumpkins, green papers, Casava, Irish potatoes, sweet potatoes,

ACHIEVEMENTS

- We received a good harvest from our farms which supplement on the food we buy from the market.
- Our children are back to school safely and some have cleared fees and other school requirement.
- We received a number of donations from friends of Toro Babies Home which has helped us to go through the month smoothly

CHALLENGES

- i. Untimely sickness of children, we have a number of admissions in the hospitals.
- ii. Limited space in the classroom for children to interact with the teacher while doing their homework.
- iii. The gardeners' houses are in a very bad condition and the lives of these are in danger it being a rainy season.
- iv. There is need for security camera system for addition support to the only security guard at TBH.

RECOMMENDATIONS FOR ALL THE ABOVE CHALLENGES.

1. Construction of new classrooms and a hall will create space for learning and recreation
2. Construction of houses at our different farms need urgency.
3. Continuous healthy talks this will improve on health of the babies.
4. Installation of security camera at TBH to improve on the security and supporting the only security guard.
5. Continuous sensitization of mothers on hygiene and child care to overcome the issue of infections at the Home.
